ClubLounge
Seat and couch elements.

Upholstered-element system with table and seating elements.
Seating elements are stools, easy chairs, sofas, benches and corners sofas in two different seating heights. Individual elements can be combined into entire seating landscapes. Elements made of a floor plate with plastic, felt, or 2-component glides, and a cushioned section of flame-retardant MVSS-302 foam material with leatherette cover.
Table element same as the stool, but with an internal chipboard body and a graphite-grey (RAL 7024), powder-coated sheet metal covering as a table and playing surface.
The following material groups are available: Fabric cover: S40,64,82.
