

TECHNICAL DESCRIPTION S800-Vor5_TB_US - 13.10.2017 - www.vsamerica.com

Series 800

Preliminary remark - closing of drawers and lockers.

Series 800 element cabinets are available with swing doors (see Preliminary remark - swing doors) and with assorted drawers and lockers.

Drawer cabinets [1] (optionally lockable) are available with 1 or 2 rows of drawers which are equipped in each case with central rod locking and a lock in the top drawer. [5] Bow handles (steel, plastic and wood), knob handles and inset handles (round) are available to choose from.

Locker cabinets [2] (always lockable) are available with simple case locks or with combination locks. All without handles.

Suspension filing cabinets and wide drawers [3] (optionally lockable) are available with central rod locking and a lock in the top drawer. Pulling out several drawers at once is disabled.

Keys are folding [4] and are supplied on delivery with a spare key integrated in the plastic cap.

Construction: Models from a height of 77 5/8" or models with drawers and/or pullouts (DGUV Regel 108-007) must be secured to the wall or floor.
